

**LDI Mechanical** is an HVAC contractor that has been in business for over 30 years.

The company is head quartered in Corona, California.

We have divisions in Northern and Southern California as well as Colorado, Maryland and New Jersey.

We are looking for quality and qualified individuals to join our successful Team and to continue our growth as a premier HVAC contractor.

We strive to set the highest standards for safety and workmanship.

At this time we are accepting applications for qualified “foreman, journeymen and apprentice installers” to work out of our Denver, Colorado location.

Requirements –

- Must be motivated, hard working

- Team player

- Have personal hand tools

- Read plans and specifications

- Proper employment identification

- Valid drivers license (foreman)

- OSHA 10 card or ability to take the safety course

Benefits –

- Excellent pay opportunity

- 401k plan

- Medical, Dental & Vision Insurance plan

- Vacation plan

Pre-employment drug screening and background check will be conducted on successful applicants.
